

Committee on Intelligence be authorized to meet during the session of the Senate on October 23, 2007 at 2:30 p.m. to hold a closed hearing.

The PRESIDING OFFICER. Without objection, it is so ordered.

REMOVAL OF INJUNCTION OF SECRECY—TREATY DOCUMENT NO. 110-9

Mrs. FEINSTEIN. Mr. President, as in executive session, I ask unanimous consent that the injunction of secrecy be removed from the following treaty transmitted to the Senate on October 23, 2007, by the President of the United States:

Protocol of Amendments to Convention on International Hydrographic Organization, Treaty Document No. 110-9.

I further ask unanimous consent that the treaty be considered as having been read the first time; that it be referred, with accompanying papers, to the Committee on Foreign Relations and ordered to be printed; and that the President's message be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The message of the President is as follows:

To the Senate of the United States:

With a view to receiving the advice and consent of the Senate to ratification, I transmit herewith the Protocol of Amendments to the Convention on the International Hydrographic Organization done at Monaco on April 14, 2005. The Protocol amends the Convention on the International Hydrographic Organization, which was done at Monaco on May 3, 1967, and entered into force for the United States on September 22, 1970 (TIAS 6933; 21 UST 1857; 752 UNTS 41). I am also transmitting, for the information of the Senate, the report of the Secretary of State on the Protocol.

The Protocol will facilitate the reorganization of the International Hydrographic Organization (IHO). The IHO, which is a technical and consultative international organization headquartered in Monaco, facilitates safe and efficient maritime navigation throughout the world. It accomplishes these objectives by facilitating the coordination of the activities of national hydrographic offices, promoting uniformity in the nautical charts and documents generated by such offices, encouraging the adoption of reliable surveying methods, and fostering the development of the science of hydrography. Reorganization of the IHO will result in a more flexible, efficient, and visible organization.

Ratification of the Protocol would serve important U.S. interests. United States commercial shipping, the United States Navy, and the scientific research community rely heavily on hydrographic information collected and shared under the auspices of the IHO. The United States plays an important leadership role in the IHO and as

a result enjoys expeditious and economical access to this information. Moreover, the United States has committed more resources than any other country to research, development, and evaluation of hydrographic instruments and therefore stands to benefit significantly from the efficiencies generated by this reorganization.

Article XXI of the Convention sets forth the procedure for the approval and entry into force of amendments: amendments that are adopted or "approved" by the Conference enter into force for all Contracting Parties to the Convention 3 months after two-thirds of the Contracting Parties have notified the depositary of their consent to be bound.

I recommend that the Senate give prompt and favorable consideration to the Protocol and give its advice and consent to ratification.

GEORGE W. BUSH.
THE WHITE HOUSE, October 23, 2007.

MEASURES READ THE FIRST TIME—S. 2216 AND S. 2217

Mrs. FEINSTEIN. Mr. President, I understand that there are two bills at the desk, and I ask for their first reading en bloc.

The PRESIDING OFFICER. The clerk will report the bills by title for the first time.

The legislative clerk read as follows:

A bill (S. 2216) to amend the Internal Revenue Code of 1986 to extend the Indian employment credit and the depreciation rules for property used predominantly within an Indian reservation.

A bill (S. 2217) to amend the Internal Revenue Code of 1986 to extend the taxable income limit on percentage depletion for oil and natural gas produced from marginal properties.

Mrs. FEINSTEIN. I now ask for a second reading, and in order to place the bills on the calendar under the provisions of rule XIV, I object to my requests en bloc.

The PRESIDING OFFICER. Objection is heard. The bills will receive their second reading on the next legislative day.

ORDERS FOR WEDNESDAY, OCTOBER 24, 2007

Mrs. FEINSTEIN. Mr. President, I ask unanimous consent that when the Senate completes its business today, it stand adjourned until 9 a.m., Wednesday, October 24; that on Wednesday, following the prayer and pledge, the Journal of proceedings be approved to date, the morning hour be deemed expired, the time for the two leaders reserved for their use later in the day, and the Senate then resume executive session and consideration of the Southwick nomination, with the time until 11 a.m. equally divided and controlled between the two leaders or their designees, and the time from 10:40 a.m. to 11 a.m. divided and controlled between the two leaders, with the majority

leader controlling the final 10 minutes; that the Senate then proceed to vote on the motion to invoke cloture on the nomination at 11 a.m., as provided for under a previous order.

The PRESIDING OFFICER. Without objection, it is so ordered.

ADJOURNMENT UNTIL 9 A.M. TOMORROW

The PRESIDING OFFICER. Under the previous order, the Senate stands adjourned until 9 a.m. tomorrow morning.

Thereupon, the Senate, at 9:28 p.m., adjourned until Wednesday, October 24, 2007, at 9 a.m.
